Education for Foster Youth

The Governing Board recognizes that foster youth may be at greater risk for poor academic performance due to their family circumstances, disruption of their educational program, and emotional, social, and other health needs. El Dorado County Office of Education (EDCOE) programs shall provide students with full access to EDCOE educational programs and other support services necessary to assist them in achieving state and EDCOE academic standards.

The Superintendent or designee shall ensure that placement decisions for foster youth are based on the student's best interests as defined in law and administrative regulation. To that end, he/she shall designate a staff person as an EDCOE Liaison for Foster Youth to help facilitate the enrollment, placement, and transfer of foster youth.

The Board desires to provide foster youth with a safe, positive learning environment that is free from discrimination and harassment and promotes students' self-esteem and academic achievement. The Superintendent or designee shall develop strategies to build students' feelings of connectedness with the school, including, but not limited to, strategies that promote positive discipline and conflict resolution, the development of students' resiliency and interpersonal skills, and the involvement of foster parents, group home administrators, and/or other caretakers in school programs and activities.

To address the needs of foster youth and help ensure the maximum utilization of available funds, the Superintendent or designee shall collaborate with local agencies including, but not limited to, the county placing agency, social services, probation officers, juvenile court officers, nonprofit organizations, and advocates. The Superintendent or designee shall explore the feasibility of entering into agreements with these groups to coordinate services and protect the rights of foster youth.
