Debbie Akin*

Dear Mr. Balch:

I would like to take this opportunity to thank you for your kind donation toward the purchase of the Planewave 17" MallinCam telescope. This telescope will be a useful addition to the Observatory and will enhance the viewing experience enjoyed by the docents, students and community of El Dorado County. It will also provide K-12 students an opportunity to perform some basic astronomical research activities.

I am extremely grateful for your support of the Community Observatory and this generous donation.

Sincerely,

Jeremy Meyers
Deputy Superintendent
