

Charter Local Plan Revisions

The El Dorado County Charter SELPA is recommending the addition of 10 charter schools for the 2009-10 fiscal year. In addition, to the 10 charter schools, there are technical changes being proposed to the Charter SELPA Local Plan. These technical changes include revising the titles of the governance groups involved in the Plan, revising the number of CEOs participating on the Executive Committee by allowing additional members to participate, changing the title of the Charter SELPA to be the El Dorado County Charter SELPA , and adding language to the Participation Agreement to ensure consistency with the Allocation Plan. The Charter SELPA also found that additional charters met their criteria for admission and would approve these charters to join the SELPA if the CDE approved exceeding the cap of 10 charters that had been established by CDE. It is also understood that additional charters approved and referred by the State Board and approved by CDE to join the Charter SELPA are included within the Charter SELPA Local Plan.
