

INSTRUCTION

BP 6130 Family Life Education

Family Life education programs operated by the County Office of Education shall be factual, medically accurate, appropriate, accessible, respectful, responsible, fair and unbiased.

It is the intent of the County Office to encourage pupils to communicate with their parents or guardians about human sexuality and HIV/AIDS and to respect the rights of parents or guardians to supervise their children's education on these subjects. The County Office intends to create a streamlined process to make it easier for parents and guardians to review materials and evaluation tools related to comprehensive sexual health education and HIV/AIDS prevention education, and, if they wish, to excuse their children from participation in all or part of that instruction or evaluation. The County Office recognizes that while parents and guardians overwhelmingly support medically accurate, comprehensive sex education, parents and guardians have the ultimate responsibility for imparting values regarding human sexuality to their children.
